

FACILITIES MANAGEMENT

**Equipment inventory -
Enhance your preventive maintenance**

ACCURATE, UP-TO-DATE INFORMATION AT YOUR FINGERTIPS

Identify all equipment in a room with our Facilities Management Module. This high-performance tool allows you to:

- ▶ Manage, visualize and obtain comprehensive printouts of equipment directly from plans, without AutoCAD
- ▶ Archive equipment according to international standards
- ▶ Identify and locate equipment on a building, floor, room or workstation level
- ▶ Generate comprehensive management reports on all facilities
- ▶ Seamlessly integrate and exchange data with existing systems
- ▶ View and print technical files showing relevant plans and critical information pertaining to specific equipment
- ▶ Provide secure access to equipment category by user

EQUIPMENT CATEGORIES

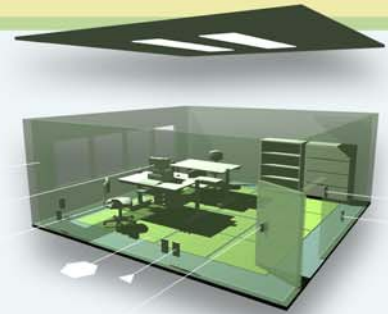

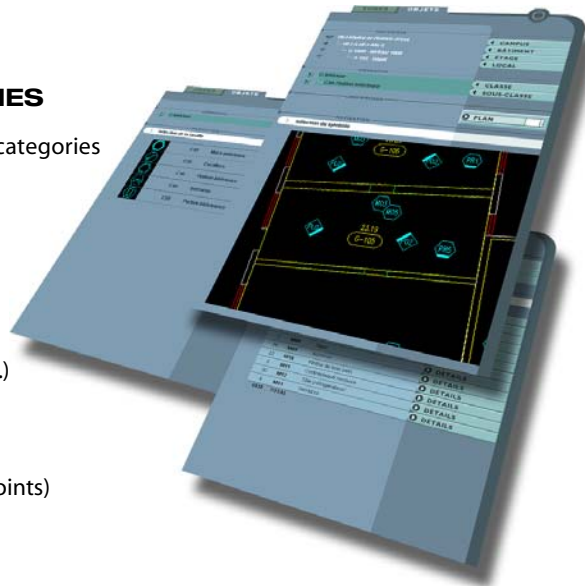

Here is a list of equipment categories already managed by our clients:

- Security/Fire Systems
- Mechanical/HVAC
- Telecom
- Door locks
- Signage
- Finishes (ceilings, walls, floors, etc.)
- Fixed Accessories
- Office Automation Equipment
- Data network
- Electricity (network and power points)
- Sprinklers
- Biomedical Equipment

BENEFITS

Users have recognized the following advantages to using the Facilities Management Module:

- ▶ Reduces the number of peripheral databases
- ▶ Reduces the cost to update peripheral databases
- ▶ Improves efficiency by managing change from a central, web-based, visual repository of all facilities information
- ▶ Helps effectively communicate, share and track changes to buildings and equipment information
- ▶ Reduces maintenance service costs
